MORE THAN \$3 MILLION IN FUNDING TO 29 PROJECTS FOR SENIORS

OTTAWA - The Honourable Monique Vézina, Minister of State for Seniors, announced today \$3,245,162 in funding to 29 projects under the Seniors Independence Program (SIP).

The Labrador West Status of Women Council of Labrador City, Newfoundland, will be receiving \$4,250 to hold an information session on Alzheimer's Disease, and to set up a senior support group to assist local families affected by this disease.

A Quebec City group, Le Comité sur l'Alimentation de la Table des organismes du 3^e Âge de la Basse-Ville de Québec will receive \$53,339 to enable seniors to study and test effective and appropriate means for counteracting malnutrition in the senior population living in lower town Quebec City (5000 individuals).

Age and Opportunity, a Winnipeg agency, will receive \$35,000 to extend its services to all local seniors belonging to multi-cultural communities.

The Canadian Coalition on Medication Use and the Elderly will receive \$503,608 to create a program to increase senior's awareness of medication use and health.

The Seniors Independence Program is designed to help seniors improve their health, well-being and independence, and enhance their quality of life. Projects funded under the program may be local, regional or national in scope.

VÉZINA APPEALS FOR END TO ELDER ABUSE

MONTREAL - The Honourable Monique Vézina, Minister of State for Seniors, today called upon all Canadians to become involved in finding solutions to the serious problem of elder abuse.

"I urge all community and other non-government organizations, seniors themselves and all levels of government to respond to the problem of elder abuse," said Madame Vézina in addressing representatives of national seniors organizations and members of a Montreal seniors group gathered at the Complexe sportif Claude-Robillard in Montreal. "Through the Family Violence Initiative, my colleagues and I want to work in close collaboration with you to resolve this situation."

Earlier today, the Honourable Perrin Beatty, on behalf of the Government of Canada, announced a four year \$136 million Family Violence Initiative to help reduce all aspects of family violence. About 10 percent of the Initiative will be directed to the prevention of elder abuse.

Financial exploitation, psychological abuse, neglect and physical harm are all considered forms of abuse against an older person. It is estimated that at least 4% of seniors who live in private dwellings are abused. The elder abuse component of the Initiative will focus on education and increased public awareness. Funds will also be used to support innovative prevention, intervention and, treatment and research projects. Emphasis will be placed on enabling seniors to be personally involved in projects.

Madame Vézina also announced several projects to reduce elder abuse which will be funded by Health and Welfare Canada:

The first national inventory of programs, services and policies to prevent elder abuse in Canada will be developed and disseminated by the Department's Seniors Secretariat and the National Clearinghouse on Family Violence.

Interdisciplinary guidelines on how to recognize and deal with elder abuse for community workers will also be developed and disseminated by the Department.

A video and accompanying education material on financial exploitation of seniors will be developed for national distribution, by Manitoba's Seniors Directorate and the Department, working with the Canadian Bankers' Association.

A film dealing with the abuse of seniors, produced by the Sûreté du Québec, will be adapted in English for use across Canada.

"Our goal is to stop elder abuse," stated Madame Vézina. "Only through greater public awareness, vigilance, personal concern and creative community efforts will Canadians be able to achieve this significant objective."

278 NEW HORIZONS PROJECTS RECEIVE MORE THAN \$2 MILLION IN FUNDING

OTTAWA - The Honourable Monique Vézina, Minister of State for Seniors, and thus responsible for the New Horizons Program, today announced government approval of the payment of more than \$2 million to 278 projects under that program. These projects will benefit close to 38,000 participants.

"One of New Horizons priorities is to encourage the development of projects and activities which intensify contacts and links between seniors in one province or throughout the country said Mrs. Vézina. " The program will also encourage partnership between seniors, groups and community organizations."

As part of this new thrust, the Conference Committee of the Greater Victoria Network of Caregiver Support Groups will receive \$50,298 for the organization of its first conference in November 1991, bringing together 195 representatives of seniors from throughout the province.

The Manitoba Society of Seniors of Winnipeg will receive \$52,725 to hold a three-day seminar addressing some fifteen issues of interest to seniors. Approximately 1,600 people are expected to attend.

In Halifax, the Seniors' Provincial Advisory Committee, Seniors Expo will receive \$54,800 to hold the second Atlantic exhibition for seniors in July 1991. Some 15,000 seniors are expected to attend.

The New Horizons Program was created to assist seniors in planning, developing and implementing projects for the benefit of seniors and their communities.

All projects for which funding has been approved appear on the attached list.

356 NEW HORIZONS PROJECTS RECEIVE MORE THAN \$3 MILLION

OTTAWA - The Honourable Monique Vézina, Minister of State for Seniors, today announced that 356 projects have been approved for funding under the New Horizons program for more than \$3 million. These projects will involve close to 53,000 participants.

New Horizons is designed to help senior citizens groups plan, develop and carry out projects which help seniors and their communities.

With this announcement, 1889 projects have been funded during this fiscal year, for a total amount of \$14,118,887.
